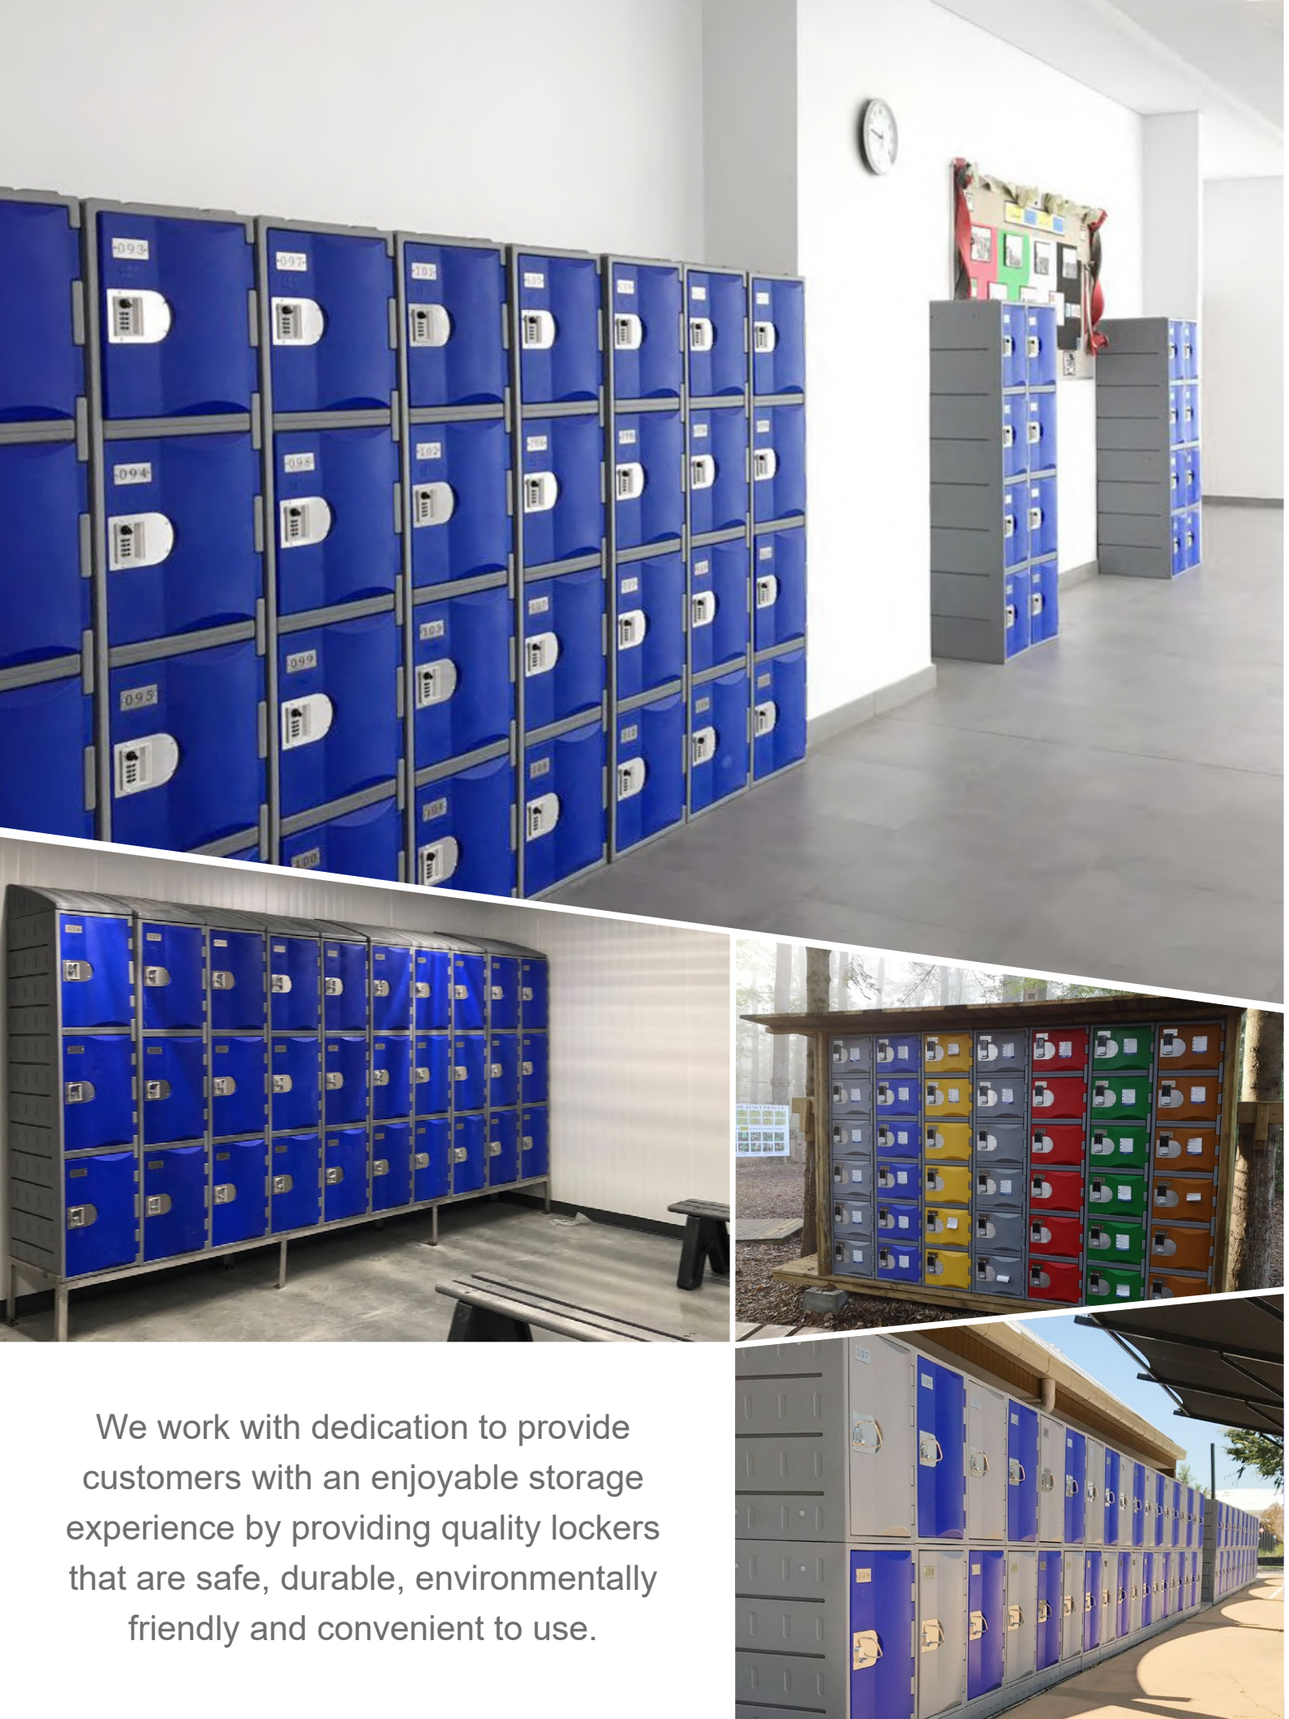
HFS GROUP
A VOTRE SERVICE DEPUIS 1995

HEALTH FIT & SPORT



We work with dedication to provide customers with an enjoyable storage experience by providing quality lockers that are safe, durable, environmentally friendly and convenient to use.

Indestructible lockers thanks to patented technology!

Amezeus presents these new high density polyethylene racks for all uses, even in humid environments, and which are resistant to rust, temperature, UV, detergents, acids and grease. They therefore require no maintenance and are completely recyclable!

They can be used for storing clothes, jackets, valuables, work tools and for all organizational means.

With our different models and many colors, they are easily modular according to your needs and easily adapt to your environment. We can offer you tailor-made solutions to optimize your space and create a harmonious layout!

We also have several possibilities for locking system: key, padlock, electronic, numeric keypad and coin mechanism.

Plastic Lockers - PEHD (High Density Polyethylene)

PEHD Lockers VS Other Lockers
