A VOTRE SERVICE DEPUIS 1995

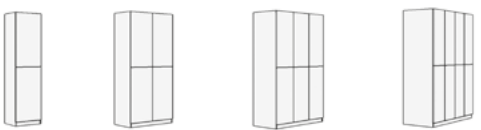

A photograph of a school locker room. On the right, there are rows of dark-colored lockers with silver handles. The walls are covered in white subway tiles. In the background, a doorway leads to a bathroom with a white sink, a mirror, and a trash can. The floor is made of dark hexagonal tiles. A semi-transparent dark grey circle is overlaid on the right side of the image, containing the text "SPORT BEGINS HERE" in white, all-caps, sans-serif font.

- No matter what the requirements, the locker range can adapt to them.

COLORS

...and 100 colors & decors more.

LOCKS

RFID

Digilock radio frequency identification (RFID) locks function by presenting a valid RFID card. The interface also contains a key slot to operate locks with an Accessibility User Key. Lock systems are easily managed with a Programming Key unique to the lock system, or any registered Manager Bypass Key.

KEYPAD LOCKS

Digilock keypad locks function by entry of a 4-digit code. The interface also contains a key slot to operate locks with an Accessibility User Key. Lock systems are easily managed with a Programming Key unique to the lock system, or any Manager Bypass Key.

PADLOCKABLE CAM LOCKS

Padlockable cam locks offer functionality of a cam lock and the security of a normal padlock.

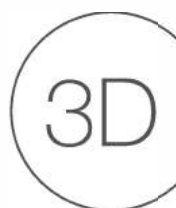

This Locking system is ideal for gym use, simply press and turn to hold the door shut or to open it, using it in conjunction with a padlock means that it can be locked in either the locked or the unlocked position.

*Our products are flexible as your expectations. Thanks to the work of our team, you have the opportunity to match each of the series of our products to your needs. Whatever locking solutions you have in mind, it's possible in any version furniture.

CUSTOM GYM FURNITURE AND ACCESSORIES

Gym interior it's more than just a changing room. Choosing colors and materials used to manufacture our furniture, we create the company's image, create an attractive arrangement of spaces and motivate the effective training.
