Artria

EN Artria is a collection of litter bins for indoor and outdoor use with a unique triangular shape. It has a front door and a bag-holder ring for easy disposal. It is available in two sizes, with and without lid, and has an optional ashtray. Its minimalist and elegant design makes this collection ideal for public spaces.

ES Artria es una colección de papeleras de uso interior y exterior con una característica única, su forma triangular. Cuenta con una puerta frontal y un aro porta-bolsas para facilitar su extracción. Está disponible en dos medidas, con y sin cabezal, y dispone de cenicero opcional. Por su diseño sobrio y elegante, esta colección es ideal para espacios públicos.

FR Artria est une collection de corbeilles de propreté pour l'intérieur et l'extérieur avec une forme triangulaire unique. Il est doté d'une porte frontale et d'un anneau porte-sac pour un retrait facile. Il est disponible en deux tailles, avec et sans tête, et dispose d'un cendrier en option. Son design sobre et élégant rend cette collection idéale pour les espaces publics.

DE Artria ist eine Kollektion von Abfallbehältern für den Innen- und Außenbereich mit einer einzigartigen dreieckiger Form. Hat eine Fronttür und ein Beutelhaltering zur einfachen Entnahme. Es ist in zwei Größen erhältlich, mit und ohne Kopf, und optional mit einen Aschenbecher. Das schlichte und elegante Design macht diese Kollektion ideal für öffentliche Räume.

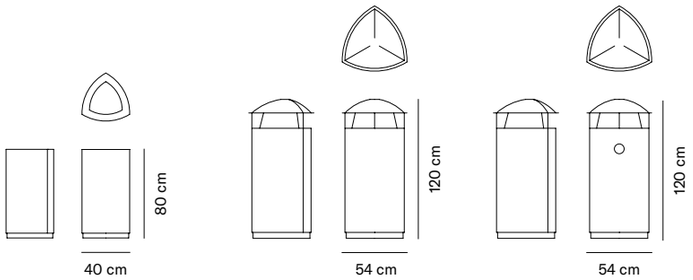

Front door and inner bucket.
Easy bag removal.

Different types of waste and accessories

EN The Titan collection is a versatile litter bin with different types of waste and accessories such as specialised bins for liquid collection, the option to store a fire extinguisher with easy access for emergency situations and integrated signage to indicate and facilitate recycling in crowded spaces.

ES La colección Titan es una papelera versátil con diferentes tipos de residuos y accesorios como cubetas especializadas para la recolección de líquidos, la opción de almacenar un extintor con fácil acceso para situaciones de emergencia y señalética integrada para indicar y facilitar el reciclaje en espacios con gran afluencia de público.

FR La collection Titan est une poubelle polyvalente pour différents types de déchets et d'accessoires tels que des bacs spécialisés pour la collecte de liquides, la possibilité de stocker un extincteur facilement accessible en cas d'urgence et une signalisation intégrée pour indiquer et faciliter le recyclage dans les espaces encombrés.

DE Die Titan-Kollektion ist ein vielseitiger Abfallbehälter mit verschiedenen Abfallarten und Zubehörteilen wie speziellen Behältern für das Sammeln von Flüssigkeiten, der Möglichkeit zur Aufbewahrung eines Feuerlöschers mit einfachem Zugang für Notfälle und integrierter Beschilderung, um das Recycling in überfüllten Räumen anzuzeigen und zu erleichtern.

Safety in airports

EN The Titan Collection not only enhances efficiency in waste management but also plays a significant role in airport security by ensuring a clean and suspicious object-free environment. This contributes to providing travelers and staff with a safer and more peaceful airport environment.

ES La coleción Titan no solo mejora la eficiencia en la gestión de residuos, sino que también desempeña un papel importante en la seguridad de los aeropuertos al garantizar que el entorno esté limpio y libre de objetos sospechosos. Esto contribuye a proporcionar a los viajeros y al personal un ambiente más seguro y tranquilo en el aeropuerto.

FR La collection Titan n'améliore pas seulement l'efficacité de la gestion des déchets, elle joue également un rôle important dans la sécurité de l'aéroport en garantissant que l'environnement est propre et exempt d'objets suspects. Les voyageurs et le personnel bénéficient ainsi d'un environnement aéroportuaire plus sûr et plus silencieux.

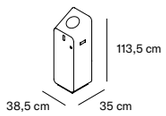

DE Die Titan-Kollektion verbessert nicht nur die Effizienz in der Abfallwirtschaft, sondern spielt auch eine wichtige Rolle in der Flughafensicherheit, indem sie sicherstellt, dass die Umgebung sauber und frei von verdächtigen Gegenständen ist. Dies trägt dazu bei, den Reisenden und dem Personal eine sicherere und ruhigere Flughafenumgebung zu bieten.
