ERGOS ERGMI

Sustainability and design go hand in hand. Made from 100% polypropylene, the ERGOS ERGMI table does not require glues, varnishes or paints - a conscious choice that makes it totally recyclable and reusable in the manufacture of new products. An intelligent solution for modern and responsible environments.

Durabilité et design vont de pair. Fabriquée en 100 % polypropylène, la table ERGOS ERGMI se passe de colles, vernis ou peintures – un choix conscient qui la rend entièrement recyclable et réutilisable dans la fabrication de nouveaux produits. Une solution intelligente pour des environnements modernes et responsables.

ERGOS ERGMI

Lightweight, durable, and eco-friendly. An intelligent design that combines comfort, safety, and sustainability. With rounded corners and appealing colors, the ERGOS ERGMI table brings a sense of lightness and personality to any space. Made from 100% polypropylene, with no glues, varnishes, or paints, it is fully recyclable and reusable. The result is a durable product that is easy to maintain and environmentally friendly.

Léger, durable et écologique. Un design intelligent qui allie confort, sécurité et durabilité. Avec des coins arrondis et des couleurs attrayantes, la table ERGOS ERGMI apporte une sensation de légèreté et de personnalité à tout espace. Fabriquée à 100 % en polypropylène, sans colles, vernis ni peintures, elle est entièrement recyclable et réutilisable. Le résultat est un produit durable, facile à entretenir et respectueux de l'environnement.

STRONG
Resistance to impact, scratches and wear

ROBUSTE
Résistance aux chocs, rayures et usure

WASHABLE
Sleek design for quick and easy cleaning

LAVABLE
Lavage simple est rapide

LIGHTWEIGHT
Lightness to easily move and arrange

LÉGER
Légère à déplacer, facile à ranger

CUSTOMIZABLE
Available in any colour with minimum order

PERSONNALISABLE
Autres couleurs sur demande

100% RECYCLABLE
Supports the circular economy

100% RECYCLABLE
Respecte l'économie circulaire

UV PROTECTION
Prepared for UV disinfection

PROTECTION UV
Convient à l'intérieur comme à l'extérieur

DETACHABLE
Easy storage and transportation

PRATIQUE
Rangement et déplacement facile

ANTIBACTERIAL
Reduces bacterial by up to 99,9% (optional)

ANTIBACTÉRIEN
Réduit les bactéries jusqu'à 99,9%

MAIS

The MAIS table combines a traditional steel frame with an epoxy paint finish and the modern touch of a polypropylene tabletop. Floor contact points feature anti-corrosion polyamide glides, which protect against floor cleaning liquids.

La table MAIS associe une structure traditionnelle en acier avec une finition en peinture époxy, et la modernité du polypropylène utilisé pour le plateau. Les appuis au sol sont assurés par des embouts gainés en polyamide anticorrosion, qui protègent contre les produits de nettoyage des sols.

MAIS

Steel tube frame with epoxy paint finish. Polypropylene top with rounded corners for greater safety and comfort, 100% recyclable. Washable surface.

Structure en tube d'acier avec finition en peinture époxy. Plateau en polypropylène, avec coins arrondis pour plus de sécurité et de confort, 100 % recyclable. Surface lavable.

ERGOS EDGE

The ERGOS EDGE double or single tables allow for different edge and surface colour options, enabling a combination of solutions. Accessories can be included: pen slot, cup holder and notebook stop.

Les tables ERGOS EDGE, doubles ou individuelles, offrent différentes options de couleur pour les bords et les surfaces, permettant une combinaison de solutions. Des accessoires peuvent être ajoutés : rainure pour stylo, support pour verre et butée pour carnet.

ERGOS EDGE

The tabletops of the ERGOS EDGE desks use polypropylene on the edges. They offer superior impact resistance compared to rigid edges made of wood or PVC. No glues or varnishes are used.

Les plateaux de table ERGOS EDGE utilisent du polypropylène sur les bords. Ils offrent une résistance supérieure aux chocs comparée aux bords rigides en bois ou en PVC. Aucune colle ni vernis n'est utilisé.

HT

The HT table can be easily folded to save space when not in use. It is possible to add casters to move the table easily from one place to another. Whether for cafeterias, impromptu meetings, or flexible workspaces, the HT table offers versatility and practicality.

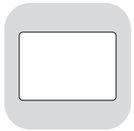

La table HT peut facilement se rabattre pour économiser de l'espace lorsqu'elle n'est pas utilisée. Il est possible d'y ajouter des roulettes pour faciliter son déplacement d'un endroit à un autre. Que ce soit pour les cantines, les réunions improvisées ou les espaces de travail flexibles, la table HT offre polyvalence et praticité.

FINISHINGS
FINITIONS

The metal frames of our products are treated with epoxy coating, a finish that ensures high resistance, durability, and corrosion protection. This painting process not only provides excellent wear resistance but also delivers a refined aesthetic, available in various colors to suit any environment. Our choice of finishes reflects a commitment to quality and the longevity of the furniture.

Les structures métalliques de nos produits sont traitées avec un revêtement époxy, une finition garantissant haute résistance, durabilité et protection contre la corrosion. Ce procédé de peinture offre non seulement une excellente résistance à l'usure, mais aussi une esthétique soignée, disponible en plusieurs couleurs pour s'adapter à tout environnement. Notre choix de finitions reflète notre engagement envers la qualité et la longévité du mobilier.
